

German Language Integration Across All Courses.

Students at Western Balkan University now benefit from compulsory German language studies integrated into their courses, offering them the prospect of practicing in Germany upon program completion. Furthermore, the university has solidified partnerships with a consortium of over 100+ hospitals in Germany, ensuring students have ample opportunities for employment in the country.

- Scientific Research Center for Medical Sciences, Technology and Innovation

"EPIC" project Education-Practice Integrated Curriculum

The cooperation that Western Balkans University has with "The American Hospitals Group", "Hygeia Hospital Tirana" and other partner companies enables all students to be involved in the EPIC project, with the aim of creating a new education model of higher education, where the learning process is integrated with the practice of the work they will perform.

After an application process, students who will be selected for the project in question, benefit from 20 hours per week of a paid internship at two hospital groups as well as other partner companies, starting from the first semester of Bachelor studies
